Sir:

The following amendments and remarks are being submitted in response to the Office Action mailed June 5, 2002.

IN THE CLAIMS:

Please amend claims 1, 15, 28, and 32 as follows:

1. (Amended) A self-contained computerized variable intensity light bulb, comprising:

a plurality of light sources;

a power source connector having a standard light bulb base for connecting the computerized variable intensity light bulb to a standard light bulb socket as a power source; and

a computerized light control connected to, and integrated with, said power source connector for receiving power and connected to said plurality of light sources for providing power to light sources without using a filter, a phase-fired SCR, a choke and an amplifier.
